How to participate in MTBO Prague Spring:

- Those who participate in World Cup or EYC, EJC, MOC just have to register for [SPRINT](#) and [OPEN SCORE](#) (if you participate in team relay, it is OK and you don't need to participate in sprint). Don't forget put SI number to Entry form.

How it will be counted:

- The whole serial of MTBO Prague Spring will be counted together. Our system gives a chance to win to the competitor of any category (incl. open). There will be divided 1 000 Euro among the best.
- The way of counting: we will summarize all your results (the ranks, not times) from all four races (from Sat to Tue), and the one with the lowest number win. If there will be more people with the same result - the one with the best result wins (e. g. first competitor will have results: $1 + 2 + 2 + 3 = 8$; second competitor will have $2 + 2 + 2 + 2 = 8$... than the first wins, because s/he has one victory).
